Kalihi Will Put Out Crack Track and Field Team

President Eddie Fernandez of the Kalihi Athletic Club states that he thinks the organization will have a crack track team when it gets going. "We have some of the best local men," he said this morning, "and the team will be very strong when we get things all running smoothly. The baseball of the club will of course be in the amateur line; still, we expect to put up good games. I cannot say when the baseball season for the club will start, but probably it will be soon."

The claims to a fine track team seem well-founded, not the least among the strong men which the club has on its membership roster being Rice, who is good for any distance from 50 yards to 220, and who is to utilize his knowledge of the race game in coaching those men who have had less experience, and have less speed.

PRESS AGENT'S TROUBLES

W. Tin Chong, the press agent of the Riverside League, finds the job no sinecure.

"The position of press agent of the Riverside League is a most difficult one, when you come to realize the way you have to advertise the games, so as to suit everybody; that is, the players of the different clubs," states he.

There have been a good many kicks against Chong, who is blamed for a few articles which have appeared lately in the papers that have hurt some of the players.

"About three weeks ago, someone inserted an item in the paper stating that a player was attacked by a 'swell-head' and the next day, nearly all those interested in the item threw the blame on me as the one who was responsible for its publication. Just recently, the Boy Orator made a bad break by attacking one of the captains of the league and as soon as I came to town the morning the article appeared, I heard that there was going to be lynching and mobbing. Naturally, I felt sore, to be blamed for something that I had absolutely nothing to do with; but you can't convince those fellows when they get it on you. If things are going to continue this way, I presume that I will have to resign the position in favor of someone else," Chong concluded.

SPORTIVE SPLURGES

It has been decided to pitch the camp of the Y. M. C. A. boys this summer at Makua, which has been secured by the permission of Mr. McCandless. The place is to be called Camp Aloha Nui.

KALIHI A. C. TO HAVE FINE SKINNED DIAMOND

First Scientifically Made Baseball Field In Town

The only skinned diamond in this city is soon to be owned by the Kalihi Athletic Club. It will be a good innovation, as the use of skinned diamonds is becoming customary on the Coast, and in a number of places, and has advantages over the turf which recommends it to the ball-player. Both kinds may have their good points, but for smoothness and general utility, as well as for the prevention of the use of the spit-ball, the skinned diamond is in the lead. This will be the first properly constructed diamond of its kind ever made here, ones formerly used with such poor results being constructed of the natural soil merely, and the result being that there was too much dust and the ground could not be kept in smooth condition.

The Kalihis will have the infield skinned, and the outfield turf. Clay, coke, and rock sand are used, being graded, and put on according to grades, and then rolled to perfect smoothness. The men are working on this diamond two or three nights in the week, and expect soon to have it in condition.

Until they have their diamond ready to begin using it, they are rather desirous of using the grounds at Aala Park for their games, so that they may get the schedule under way as soon as possible. This matter, among others, will come up at a meeting which is to be held tomorrow evening. The plan is to hold these games at such a time in the morning or about noon that they will not interfere with the play of the Riverside League, which has the use of this diamond regularly on Sunday afternoons.

This club is preparing to give another concert on June 6th, at Kalihi-waena hall, on Kamehameha IV road. Admission will be 50 cents, children 25 cents.

HARRY WHITNEY WINS WEEKLY CHALLENGE CUP HAWAIIAN GUN CLUB

Harry Whitney won the Weekly Handicap Challenge Cup of the H. G. C. yesterday afternoon, by making a score of 11 out of 12, which makes him the winner of the weekly shoots for three successive times. J. W. Harvey came a good second with 9 out of a possible 10.

A new cup will be up at once, and the shoots go on as usual. The shooting which Whitney has been doing has been exceptional, but it is probable that he has had a very slight advantage in not being scratch man, over what he should have had. Last week, his handicap was three birds, and he made 11 out of the 13. On the strength of this, his handicap was reduced to two birds, and still he won over the scratch man when each made one miss.

In order to make the chances even it has been decided in future that a man who has the advantage of a handicap cannot make over the possible for the scratch man, and in case 10 are made by each, they must continue to shoot until the handicap man makes a miss, or the other makes enough misses to lose the shoot.

BALLS ISSUE DEF

T. H. Davies & Co. Baseball Team.

Sirs:—We, the undersigned, hereby challenge you to a game of baseball to take place May 30th, at 10 a. m., providing you don't use newsboys to strengthen your team.

We also bar Archie Robertson, but hope that you have an amateur player to replace him.

If upon hearing from this you decide to make the game, reply to E. O. Hall & Son Baseball Team.

INTERSCHOLASTIC BALL

The Aliolani and Kaahumanu will play the second game of the secondary interscholastic league schedule tomorrow afternoon. This is the Kaahumanu's first time out in suits. The Aliolani won their game with Mills Institute Monday, and the first game of this series.

Outrigger Club To Buy Boards and Canoes At Once

A meeting of the directors of the Outrigger Canoe Club was held yesterday afternoon in R. H. Trent's office, for the purpose of getting things in motion, now that the lease for the Queen Emma Estate has been secured, giving the canoeists a site for their land, on the beach between the Moana and Seaside properties. The immediate purchase of canoes and surf-boards was authorized, committees appointed on membership, surfboards, canoes, building, and other lines, and the president of the society was instructed to offer the co-operation of the club to the Fleet Committee, in an endeavor to amuse the men and officers of the Fleet during its stay here.

The surf-boards are to be placed at the disposal only of those members who are now paying their dues. All committees are expected to hustle, and be ready with good reports when a meeting will be called, at an early date, when plans being prepared by Mr. Pinkham for a land at Waikiki may be considered.

It was rather expected that at this meeting a committee would be appointed for the purpose of arranging some sort of a program to be held during the time the Fleet is here, but this was not done, as it was decided that more amusement could be given the jacksies and their officers by placing the boards and canoes unrestrictedly at their service at all times in the day.

Allan Herbert asked to become a life-member, upon payment of \$50, and was named as chairman of the building fund committee, to which the dues of a life-member will be turned over, their action to be approved by the club as a whole.

OAHU DEFEATS HIGH

Oahu College nine yesterday afternoon defeated the High School team by a score of 8-3, made by consistent work and good hitting. The teams played clean games, as these interscholastic ball-players often do, scoring as few errors as the men in the larger leagues.

Lyman was at his usual place, behind the bat, for the Puns, and with Davis in the box completed a strong battery. The Puns scored the only double of the day, from J. Desha to Dodge to Lidgate.

White, of the losers, wielded the willow with effect, making a three-bagger and several on which he made trips to the keystone sack.

Tomorrow afternoon the Puns and Kams will try things out at the former's diamond.

The line-ups yesterday were: Punahou—Hoogs, 3b; Lyman, c; Davis, p; Lidgate, 1b; Dodge, 2b; J. Desha, ss; Townsend, rf; W. Desha-Dodge, cf; Akina, lf.

High School—Sing Hun, 3b; Marcellino, 1b; Rice, cf; White, 2b; Achieu, p; Davis, lf; Pali-Gilliland, rf; Norton, c; Chillingworth, ss.

SHERIFF LAUKEA

DENIES PETITION

"I wish to answer through the medium of your paper the petitions asking that some place be set aside for the social evil," said Sheriff Laukea this afternoon. "I can't write to all of the thousand and seven petitioners."

The Sheriff then wrote the following short answer: "The law must be enforced."

"I do not care to enter on a discussion of the matter," he added as he handed the statement to the reporter.

LONG LEASE IDEA IS NOT FAVORED

Superintendent of Public Works Marston Campbell has received a letter from Lee Yin Kwai, in which it is stated that the writer wants to lease the land on the Consolidated Soda Works Company corner, Fort and Allen streets, for fifteen years at \$75 per month. Although only \$50 is now being paid monthly, Mr. Campbell says he would not let the property for so long a term as fifteen years.

LEAK IN HARBOR PIPE

A leak has been discovered in the big pipe-line which runs across the harbor supplying the various works going on there with water, and everything has been shut down until the leak has been repaired. About 50,000 gallons of water are run through this pipe each day.

TO FURNISH WATER

An offer has come from the District Magistrate at Hana, Maui, to Marston Campbell that if he would put in 600 feet of one and one-half inch pipe and pay \$1 per month, water will be furnished free to the court-house and jail there. Mr. Campbell appreciates the offer very much and has accepted it.
